Member Information

LOGIN INFORMATION: Just a reminder that we are now using an automated system to process renewal as well as new memberships.

Please take the time to visit your Country Coach Club Website at www.countrycoachclub.com and login to your account.

To login, simply enter your eMail address as the user name and then enter your password. If you have forgotten your password or are new to the site, you will need a new password. Use the password reset link that you will find on the login page and you will be sent a new password.

TO EMAIL THE CLUB: See Officer Contact List, page 2 (yellow box) for email address.

TO MAIL DUES, ETC, TO THE CLUB: See Officer Contact List, page 2, (yellow box) for CCI mailing address. When you pay online your dues are processed immediately. Due to physical mail and handling expect it to take 20 to 30 days if you are paying by check.”

TO PHONE THE CLUB: See Officer Contact List (page 2), select the appropriate Officer and phone that person.

Please help us keep your membership up to date, by logging in and checking to ensure your membership is current and that we have all of your current contact information.

WHO ARE WE?

CCI is a non-profit organization, 501(c)(7), centered on Fun and Fellowship. The Club was founded in 1984 and is a Chapter of the Family Motorcoach Association (FMCA).

WHAT WE DO

The Purpose of the Country Coach Club is to: provide a community for all Country Coach motorcoach owners to exchange information, provide opportunities for fun and fellowship, support CCI and FMCA activities such as rallies and FMCA conventions, provide a common communication and resource link for CCI members and to help our fellow Country Coachers.

EDITORIAL POLICY

The CCI eNewsletter is published monthly, online by Country Coach International. The eNewsletter Editor is Debbie Glenn, who can be contacted by calling 325-669-6840 or online - VPPublications@countrycoachclub.com. The Editor reserves the right to edit, shorten, or modify any material submitted.

Reproduction of ON the ROAD AGAIN in whole or in part, including photocopy, except for personal use, is prohibited without the expressed written permission of the Publisher. CCI is not responsible for any liability arising from errors, omissions, mistakes or products/service found in the eNewsletter. Readers should proceed cautiously, especially with respect to technical information.

From your President

PRESIDENT

Bill Sax

Hi CCI!

Fall is here!! Rita & I are following our normal routine, we left our daughter's houses Labor Day slowly heading to Texas for October and then gradually work our way across the South during November & eventually arriving in Florida mid-December.

Since we have been full-timers since 2019 we belong to a couple of RV campground clubs, Thousand Trails & Coast to Coast. so we will mostly camp for free. That helps our pocketbook. Of course, we throw in a handful of rallies for various clubs to share info on SkyMed. After three years we are really enjoying this lifestyle and the plan is to continue it for a while.

The club is doing well. Fortunately, we are still getting new members from Facebook & referrals. Remember if you see an Country Coach in a campground or on the road tell them about the club. If they sign up and mention that you referred them, you get \$25 CCI Bucks that you can use towards dues or a rally.

Speaking of rallies, we just wrapped up the October Rally at Cajun Palms in Louisiana. As usual Buddy & Ann Bordes did a GREAT job!!! We had plenty of Cajun food, a tour of Avery Island & the Tabasco complex. Plus, a wild ride on an airboat ride through the swamp, gators galore! While doing all that we had time for informative tech talks followed up with trips to a bunch of our rigs to do some repairs & "teaching."

The benefits of this Country Coach only club are incredible. Whether you are retired and free to attend any or all the rallies or still working & trying to squeeze just one rally into your schedule. You will truly appreciate the friendships & connections you will make. You never know when you will need to call one of your new CCI friends for help getting back on the road....

We have a couple of events happening in Florida in January, so check the newsletter for the details.

We'll be CCing you soon!

Bill

Advertiser of the Month - RV Glass Solutions

RV Glass Solutions (also known as the RV Glass Experts or RVGS) has been serving RVers' windshield and foggy side window needs since 2003. But as the sister company to Coach Glass, OE and aftermarket windshield provider for most RV brands since 1995, RVGS has an even longer history.

Company founder, John Tokatly already had a few decades in the auto glass business when RV manufacturers in Oregon began to call on him for their glass needs. He fulfilled and expanded the business, bringing the first one-piece windshield to the RV industry back in the early 1990's (for the Monaco Signature). As the glass became larger and more complex, he realized RVers were often challenged finding capable glass installers to replace these enormous windshields. With four warehouses and more than 500,000 square feet of inventory across the country, John knew he had virtually every RV windshield in inventory and with freight carrier partnerships already in place, he could quickly get the glass to just about anywhere RVers may roam.

Already supplying glass shops across the nation, he could identify those that had solid experience installing RV windshields and build upon that to create a network of qualified RV glass installers. It wasn't long before the company decided to open full-service installation centers at each of the warehouse locations in Arizona, Oregon, Indiana and Florida. Equipped with overnight parking including 50 amp electrical, pet-friendly customer lounges, Wi-Fi and multiple RV service bays, the RV Glass Solutions' full-service centers cater to RVers year-round. You may have also seen the RV Glass Experts' tech teams in their blue shirts, installing windshields at many of the FMCA rallies.

In recent years, RVGS set their sights on helping to solve the ever-present problem of foggy RV windows. Using laminated safety glass comprised of two pieces of glass bonded together with a PVB (polyvinyl butyral) layer in-between using high pressure and heat, there is no space nor opportunity for moisture to create fogging. Best of all, these lifetime laminated windows are guaranteed for as long as you own your coach. They come in two glass thicknesses and 5 colors to match just about any RV window out there (unfortunately, flush mount windows are an exception). Laminated glass offers the added benefit of greater sound insulation, security and reduced light transmission as well.

To find out more about RV Glass Solutions, the services they offer and to reference some helpful videos, visit www.rvglassexperts.com, The RV Glass Experts on Facebook, RVGS on You Tube or call 888.777.6778.

FMCA Benefits and Discounts

Contributed by: Max Hegler, CCI FMCA National Director

FMCA Benefits are those included with your \$50 yearly dues, FMCA Discounts are price discounts for products and services purchased through FMCA distributors.

Benefits include:

FMCA Assist, this is the best benefit that is included when you pay your yearly \$50 dues. This benefit starts when you are a minimum of 75 miles away from your home and you are ANYWHERE in the world using any form of transportation, such as Air, Cruise Liner, Taxi, or any other method. FMCA Assist is a medical evacuation when you or a member of your family with you need to be moved from a point of illness to a hospital or emergency care facility. This evacuation is paid for by Chubb Insurance, FMCA's carrier for this life saving benefit. When you are taken to an Emergency Room, this benefit also pays you \$250 cash to help with immediate expenses, and you are covered ANYWHERE in the world. Your FMCA F-number is your policy ID number. If you decide to stop RVing, then you can become an Associate Member of FMCA and pay your dues and keep this FMCA Assist benefit for all your "other transportation" method of travel greater than 75 miles away from home.

FMCA Family RVing Magazine, this informative magazine is published monthly and postal mailed or electronically emailed to your household. This benefit keeps you up to date on current events in the RVing lifestyle. The January issue of each year is the most informative and should be kept on the ready for all the information and answers it provides to FMCA questions.

RV Insurance, provides the best pricing for RV insurance through FMCA qualified brokers. Get a quote and FMCA is paid a dividend for each quote requested by FMCA members. The brokers check the prices of all the insurance companies and come back with the lowest price policy that meets your requirements.

FMCA Campground Cincinnati OH is a benefit that is allowed to all members. There are 15 Full Hookup sites and 10 water and electric sites. Each member gets two free nights per month and additional nights are \$15 for full hook up and \$10 for electric only. You must register online for this benefit.

FMCA Mobile App is available for your phone to easily access all the benefits and discounts that we are mentioning in this format.

FMCA Benefits and Discounts

FMCA University is a reference source for all the magazine articles and technical articles ever written and published by FMCA for your easy browsing and research. Browse for your desired subject matter and save for future reference.

Stopping Spots is a list of stop over places where you can stay in your RV overnight for free. This benefit includes Come Visit where you can stay longer and Mechanics Helper where an FMCA member may be available at your travel location to help with mechanical issues you may be having, and Pinch-Hit Driver to help with driving your RV to a local location because of an emergency you may be having.

FMCA Chapters are for everyone and you get the most out of your FMCA membership by joining a chapter and getting involved. There are no limits to the number of chapters you can belong to the friendships you make will last a lifetime.

FMCA Discounts:

Costco Membership discount for New Costco customers. Get a discount on the membership fee when you first join this mega membership store and show your FMCA card upon Costco registration.

US Postal Service shipping discounts are available when shipping packages and large envelopes. Just show you FMCA membership card and look for the savings.

Printing Services at Staples, Office Max, and Office Depot offer large discounts to FMCA members.

Roadside Rescue is FMCA's roadside assistance program when you are broken down on the road. The best advantage is that there is no restriction to the age of the RV in order to apply and receive this discount feature.

Tech Connect Plus is the FMCA Wi-Fi service administered through AT&T. Let them know you are a FMCA member and benefit from the reduced monthly fees and get reliable Wi-Fi while on the road and at home. This is a lease service and there is no monthly contract and can be cancelled at any time.

FMCA Benefits and Discounts

FMCA Tire Buying Service Program allows you to buy tires for your RV, your trailer, your automobile, your truck at authorized program distributors. Participating tire manufacturers are Michelin, BF Goodrich, Uniroyal, Continental, and very soon, Goodyear will be included in the list. Only the tires are discounted, other mounting charges are based on distributors advertised rates. Go online for prices and installation instructions.

International Travel Insurance is available and includes Medical Assistance, Emergency Evacuation, Cancelled Flight due to disaster, and Concierge services.

KOA Kampground member discounts when you join this campground and show your FMCA member card.

Passport America member discounts when you join this campground discount membership and show your FMCA member card.

New Coast Financial Services are available through FMCA when needed to finance or refinance your RV.

Whether you are in the market for a luxury pre-owned motorhome, need service or maintenance or just want to refresh your current motorhome, the Motorhomes of Texas team can help you.

With professional service and competitive pricing, our service and remodeling centers are setting industry standards with passionate customer service and superior quality repairs and upgrades.

IT'S WORTH THE DRIVE

- ★ Seven service bays and 16 trained technicians
- ★ Onsite parts department and remodeling center
- ★ State-of-the-art customer lounge with WiFi and a pet-friendly lot
- ★ We recognize external service contracts and manufacturer warranties
- ★ Overnight stay during service visit with 50 AMP electric and water hook-ups, dump station and liquid propane

YOUR LUXURY MOTORHOME DEALER

Tire Pressure Monitoring

Compiled from the Country Coach Tech Topics site by Mike Cebula

Tire Pressure Monitoring for Your Country Coach

Imagine starting out in your Country Coach motorcoach on a holiday without your speedometer or any of your important gauges working. No doubt your first stop would be at a service center since no reasonable person would consider driving without engine, fuel or braking system data. However, most motorcoach drivers willingly start their trip unaware of the ongoing state of their most important safety component: their tires.

There are few situations a coach driver can encounter that are more stressful, dangerous and inconvenient than having a tire blow out at highway speed. What you may not know is that most blow-outs can be traced back to damage suffered from prolonged driving on under-inflated tires. Studies show that almost half of all motorcoach tires are under-inflated. Driving on under-inflated tires causes additional flexing of the tire's sidewall which translates into heat build-up. Heat is the number one enemy of tires, causing accelerated wear and hidden interior damage which can lead to a blowout, usually at the worst possible time.

The easiest and most effective way to ensure a safe drive is to make sure your tires are well maintained and properly inflated. Properly inflated tires not only increase safety, but also maximize fuel economy, tire life and vehicle handling.

Tire pressure monitoring systems (TPMS) are a relatively new technology that has found its way into the RV world. TPMS takes away much of the worrying whether your tires are in need of air or even more importantly, whether you have experienced a puncture while driving.

SmarTire for RVs is a TPMS system specifically designed to meet the unique needs of RVs. The SmarTire system includes wireless sensor/transmitters mounted inside the tires, a robust receiver and a LCD display unit which is mounted in view of the driver. In the case of larger motorcoaches, additional antennas are mounted to the chassis to ensure that tire data is reliably captured by the receiver and sent to the display unit. The sensors are fitted using stainless steel straps on the inside of the rim and continuously monitor air pressure and temperature while the vehicle is in motion. The sensors are specifically designed to withstand the unforgiving environ-

Tire Pressure Monitoring

ment inside a tire and are powered by lithium batteries designed to last five years in normal driving.

How does the SmarTire system work?

When the motorcoach starts moving, a centrifugal switch activates the sensors which immediately transmit the initial tire information to the receiver using radio frequency technology. The sensor reads tire data every seven seconds but only transmits if the tire pressure has decreased by 3 psi, a feature that extends battery life. If there is a significant change in tire pressure or temperature, the sensor transmits immediately.

The tire data is captured by the receiver which in turn sends the information to the LCD display unit. The display unit has two buttons that allow the driver to toggle through each wheel position and to select the type of information being displayed: tire pressure, temperature or pressure deviation. The unit has a bright red LED light and an audible alert which is activated if a tire loses pressure or if the temperature of a tire goes above a preset level.

SmarTire generates three types of alerts:

Pressure Deviation Alert: This first alert is generated when a tire's pressure deviates above or below the level programmed during installation. This deviation level is normally set at plus or minus 10psi from the cold inflation pressure. The system beeps once and the bright red LED begins flashing, giving the driver both an audible and visual warning of the tire condition.

The pressure deviation alert takes into account the anticipated rise in air pressure that naturally occurs when the tire's temperature increases while driving. This process is called temperature compensation and enables the system to provide an earlier warning of a tire related problem.

Low Pressure Warning: This second alert is generated when a tire's pressure drops below a fixed level that is programmed during installation. The fixed level is normally set at 10psi below the cold inflation pressure and is not temperature compensated. The system beeps regularly and the bright LED flashes, giving the driver a con-

Tire Pressure Monitoring

tinuous warning of more serious tire problem. The low pressure warning requires the driver to pull over immediately to check the affected tire.

High Temperature Alert: This third alert is generated when a tire's temperature increases above a fixed level that is programmed during installation. Like the low pressure warning, the system beeps regularly and the bright LED flashes to warn the driver of the tire condition. The high temperature alert can indicate a number of problems, not only tire pressure related. For example, it can indicate a brake problem which is generating heat that the tire is absorbing or a wheel that is badly out of alignment.

Installation: Installing a SmarTire system requires a knowledgeable and trusted service center. The sensors must be fitted properly to all the wheels and the antennas mounted in the correct location for the size of the coach. Also, the system needs to be programmed for the specific tire pressures of your particular motorcoach and its anticipated load. Although the system is easy to operate, the RV owner should be thoroughly instructed on how the system works and what to do if they receive an alert.

What about the tires on your towed vehicle or trailer? So now you have the tires of your motorcoach monitored, but what about the tires on your towed vehicle or trailer? Towed vehicles and trailers pose a unique challenge because an RV driver really has no way of knowing if a tire problem is occurring behind them. In fact, once the driver realizes there is a problem, it is likely too late to save the tire.

SmarTire for RVs can be configured to include additional sensors fitted to your towed vehicle or trailer. The additional wheel positions are programmed into the system and an additional antenna is mounted near the rear of the coach to ensure the tire data is captured. If a problem occurs with any of the tires on the towed vehicle or trailer, you'll be alerted in the same way as if the tire was on the RV itself.

A SmarTire system gives owners an easy way to monitor their tires and provides a critical early warning of a tire related problem while traveling. An electronic tire monitoring system results in one less thing you need to worry about as you travel down the road so you can concentrate on more important things, like enjoying the beautiful countryside.

Upcoming CCI Rally Information

Rallies are just one of the reasons to join Country Coach International but as CCI rally coordinator I think they are the BEST reason!

Join CCI at

Camp Margaritaville RV Resort

in Auburndale, FL

Arriving Jan 23rd - departing Jan 30th, 2023

Come join the CCI fun in sunny central Florida.

361 Denton Avenue, Auburndale, FL 33823 • (863) 455-7335

Located an hour southwest of Orlando and just outside of Lakeland, Florida, Camp Margaritaville RV Resort in Auburndale is your ideal spot to enjoy theme parks, attractions and all that Central Florida has to offer. Whether you're looking to relax or seek adventure in the beauty of Florida, you are in the middle of it all at Camp Margaritaville RV Resort & Cabana Cabins Auburndale, Central Florida. Embrace the atmosphere surrounding our tiki bar, firepits, resort pool, entertainment stage, putting course, playground, dog parks, and arcade or plan a day with the crew hiking, biking, or sightseeing.

Margaritaville RV resort requires pictures of coaches that are over 10 years old. We will be required to comply. You will be told this when you register at the campground. The email address to send them to is tom@campmargaritavilleauburndale.com

There are so many things to see in the area, we are working on a great schedule. We will update as we get the schedule worked out. Registration is limited to 40 coaches.

And as always there will be food and fellowship, tech talks and more!

Important: Some meals and activities are included in your rally fees! Camping is separate.

The total for camping fees for the week is \$703.80. Your Rally Fee is \$150.00 per member, \$200 per non-member. Your rally fee includes tour fees and meals. There will be time for exploring other area attractions. You can add 2 days before and after for the rally rate.

*Registration deadline is Dec 22nd and registrations cancelled after December 22nd may not be eligible for refund due to prepaid costs for the rally. Rally reservations cancelled before the deadline will incur deductions for non-refundable items (i.e. credit card fees, prepaid fees).

If you have questions, comments or suggestions, feel free to give me a call or email!
